PROFESSIONAL OVERVIEW

I am a Fullstack Developer with 6+ years of experience building scalable web and mobile solutions. I specialize in Next.js, React, Node.js, and Django, with expertise in creating clean UI/UX and secure backends. I have delivered e-commerce, educational, and cross-platform applications that drive user engagement.

WORK EXPERIENCE

Fullstack Developer

Freelance / Contract, Lagos | 2020 – Present

Designed and deployed scalable web and mobile applications using Next.js, React, Node.js, Django, and PostgreSQL.

Delivered projects in e-commerce, education, and healthcare, improving client business operations and user engagement.

Integrated APIs, AI-powered features, and third-party services to enhance performance and functionality.

Freelance Software Engineer

Independent Projects | 2018 – Present

Designed and deployed scalable web and mobile applications using Next.js, React, Node.js, Django, and PostgreSQL.

Delivered e-commerce, educational, and healthcare platforms, improving client operations and user engagement.

Built **DiamondViva Ltd** recruitment website (diamondviva.org) and real-estate platform (bellavire-frontend.vercel.app).

Collaborated in **Talenvo Hackathon** to develop **EduCare**, an educational platform.

Developed **Zamani App** at the **Cleva Hackathon**, achieving 4th place among competing teams.

Upwork | 2018 – 2020

Built and maintained custom web applications for international clients, ensuring on-time delivery and high client satisfaction.

Developed responsive frontends with React and secure backends using Django and Express.

Successfully completed multiple contracts, maintaining a strong client rating and repeat business.

Tutor-Data & Web Development

CODEwithESE, Lagos | 2016 – 2018

Taught Data Analysis, Digital Marketing, and Frontend Web Development to beginner and intermediate students.

Mentored learners on building real-world projects, strengthening their technical and problem-solving skills.

Created structured learning paths, improving student retention and project completion rates.
